

# MEANS WAR SIGNAL IF U. S. TROOPS MOVE SAYS TREVINO

Carranza's Commander in North of Mexico Serves Notice on Gen. Pershing.

Chihuahua City, Mexico, June 16.—Gen. Trevino, commanding the Carranza army of the north, today advised Gen. Pershing, American expeditionary commander, that any movement of American troops from their present lines to the south, east or west would be considered a hostile act and a signal to commence warfare. Gen. Trevino acted upon specific instructions from Carranza.

## More Troops Cross Border.

San Antonio, Texas, June 16.—For two hours today Major Alonzo Gray scoured a strip of country on the Mexican side of the Rio Grande for traces of the bandits who yesterday raided his camp at San Ygnacio.

He crossed six miles below San Ygnacio, with a part of the two troops of the 14th cavalry that fought off Luis de la Rosa's men Thursday. Most of the bandits are known to have crossed into Mexico and Major Gray had received information that some of them were concentrating for a second attack. No trace of the outlaws was found.

Three Mexicans alleged to have participated in the raid were captured on the American side of the river during the day and the body of one of those killed in the fight recovered, bringing the total Mexican loss in dead to nine.

Reports from Laredo, where the soldiers wounded in yesterday's fight were taken, stated that all of the wounded probably will recover. The country around an Ygnacio was reported quiet today.

Three companies of coast artillery now on their way here will be sent to Laredo. One company of engineers arrived today and will be held here for the present.

## Under Arms at El Paso.

El Paso, Texas, June 16.—All American troops here were ordered to quarters tonight, to be held under arms until further notice. The orders followed reports to military headquarters that placards printed in Spanish had been posted in Juarez instructing citizens to gather at designated points daily to receive military instructions, that they may be prepared to repel possible invasion. The notice was signed by Jesus Valdez, a citizen, who said he wished his people to "be prepared in the event of a break with the United States."

Mayor Lea, after an investigation into the recent firing of shots at two municipal officials at El Paso from the Mexican side, said that if any more shots are fired at policemen or officials they will be returned.

Dispatches from Chihuahua City that Gen. Trevino had notified Gen. Pershing that any movement of his command would be considered a hostile act aroused no apprehension among army officers here tonight. It was asserted that the expeditionary command is amply prepared to care for itself.

A compact line of communication extending from the border at Columbus, N. M., to Namiquipa, about two hundred and eighty miles south, has been drawn during the last few days. Large quantities of food, forage, ammunition and other supplies have been concentrated at the field headquarters at El Valle and Colonia Dublan. It was pointed out also that beyond occasional sorties after marauding bandits the American troops in Mexico have been inactive for several weeks.

## Bandits Still Active.

Brownsville, Texas, June 16.—Two companies of infantry were rushed from San Benito, Texas, late today to a point twenty miles north of Brownsville, on reports that a Mexican farmer and two horses are missing from the Joe Scott plantation. The farmer's wagon, it is reported, was found by a roadside. Officers believe Mexican bandits have raided the Scott plantation.

# COLLEGE OF CHARLESTON

South Carolina's Oldest College  
122d Year Begins September 29  
Entrance examinations at all the county seats Friday, July 14, at 9 a. m.

Four year courses lead to the B. A. and B. S. degrees. A two year pre-medical course is given.

A free tuition scholarship and athletic grounds, well equipped laboratories, unexcelled library facilities.

Expenses moderate. For terms and catalogue, address.

Harrison Randolph,  
President.

# AMERICANS ROUT MEXICAN BANDITS

Three of Troopers Killed and Eight of Assaultants—May Mean Another Expedition.

San Antonio, Texas, June 15.—Luis de la Rosa today made good his threat to raid the border when 100 of his men attacked a small detachment of the Fourteenth United States cavalry at San Ignacio, 40 miles southeast of Laredo. His action cost him eight men killed, several wounded and many horses and some equipment. The American loss was three killed and six wounded.

Maj. Alonzo Gray late today was using many of his little command in a sweeping search of the country about San Ignacio for a "hot trail." If it is discovered a third punitive expedition may enter Mexico, but at department headquarters Gen. Funston and his staff have little hope that Maj. Gray will be able to get into touch with the band. By daylight this morning the attacking force had scattered like quail. There was evidence to show that a large part had reentered Mexico but some apparently scattered along the brush covered country on the American side.

The first shot fired by the attacking party was at the corporal of the guard at 2 a. m. For 30 minutes, according to a report made by Maj. Gray, a brisk engagement ensued. There were not more than 80 Americans in the camp. It was the camp of Troop M, but a part of that troop was on duty down the river. The remnant of that troop was reinforced by Troop I, which came from a station on the river above.

The Americans fought from trenches into which they were ordered immediately after the attack began. When they moved out and began the offensive the Mexicans were gone.

Maj. Gray reported that the commander of a detachment of Carranza troops on the Mexican side had informed him that his men already had run down and shot four of the bandits. Maj. Gray made no comment on the officer's statement.

The identity of the raiding party was established by the story of Vincente Lira, who entered the American camp several hours after the fight. According to his story, Lira had been made a prisoner by the bandits at La Jarita, a station 20 miles southwest of Laredo, on the National railways, several days ago. He said the party left La Jarita Monday night and moved steadily across the barren country without anything to eat arriving at a point near the American camp about midnight. The attack was made within two hours after they arrived.

# SENATOR TILLMAN SAYS HE IS ANXIOUS TO FLY

Desires to Take Trip in Flying Machine, Provided it is Safe.

Washington, June 14.—Senator Tillman wants to take a trip in a flying machine. At least, he says he is willing on condition he can find one that is safe, "and if Mrs. Tillman don't make too much objection." The chairman of the senate committee on naval affairs was in earnest when he expressed his desire to fly—and if he gets a good chance he intends to take it.

Mrs. Tillman walked into his office this afternoon just as the senator had finished telling of his aspirations. When she learned what he had said, she expressed her disapproval at once, and the subject was not pursued further.

Senator Tillman had been to the navy yard inspecting a model of a "Zeppelin" that is being planned for the use of the United States. The machine is designed to be an improvement over similar airships used by Germany. The ship has not yet been completed. When it is ready it promises to bring about a revolution in the aircraft equipment of the United States.

Senator Tillman is in favor of the United States being equipped with every flying machine necessary to give assistance to the army and navy, and will give considerable attention to this branch of the service when his committee considers the naval bill.

His office has been equipped with charts showing the naval strength of the nations of the world. The charts, which have been brought from the navy department are covered with paper models for each ship contained in foreign fleets. These models represent the relative sizes, and are accompanied by figures.

# Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Chilli Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents

# COPELAND BROS.

## APPALACHIAN HIGHWAY MARKED FOR TOURISTS

When an automobilist sees a sign board, the upper part of which is painted red, the lower part white, and a big letter "A" in the middle, he may know that he is on the Appalachian highway from Columbia to Asheville by way of Newberry, Union, Glenn Springs, Spartanburg, Tryon and Saluda.

The sign boards which now mark this highway were put up last week by Commissioner of Agriculture E. J. Watson, who made the trip in his big touring car from Columbia, accompanied by Mrs. Watson.

The route of the Appalachian highway into Union enters the city in South Union, comes along Church street, turning into Main street at the Peoples Supply company, goes through the heart of the business section, and turns into North Pinckney street at J. Cohens store, thence out along the road by Buffalo to Glenn Springs.

Commissioner Watson spent only a short time in the city, but saw a few persons, and seemed to be very much pleased over the work that had been done on the Appalachian highway in Union county, from the Newberry county line to where the chain gang is now engaged in road improvement.

Having sign boards along the entire route will be of great convenience to the hundreds of persons who will probably traverse the Appalachian highway during the summer months as they go from the lower part of the State to the mountains of North Carolina and other pleasure resorts.

The above is taken from the Union Times. Mr. Watson must have passed Newberry without letting anyone know he was here. We did not see him and did not know he had been through until we saw the red signs along the highway. Fact is we did not know what they meant when we

first saw them and it seems to us they need another sign to explain what that big letter A means especially to the stranger. And then there is nothing to indicate which way to go. There should be signs at all road crossings so that the stranger could keep his course without asking every one which road to take.

The section of the road in Newberry county needs attention very much right now. It is full of holes especially the first ten miles of it out of Newberry. And then it needs widening.

We do not mean by this to criticize Mr. Watson because he did a good work in helping us to get this road in as good condition as it is and for this we are thankful, but the signs do not give sufficient information. We think every one will admit this. A sign at a road crossing to indicate the road is a great comfort to any one traveling through a strange country. We have had the experience. And there is a State statute we think requiring that all roads be marked at the crossings. It would be a great comfort to the traveler. In traveling through Spartanburg last year such marks appeared at all the main crossings.

## DANIEL REFUSES COLUMBIA CALL

Dr. W. W. Daniel Remains in Charge of Institution Until Successor is Picked by Board.

The State. David Wistar Daniel, head of the English department in Clemson college, yesterday declined to accept the presidency of Columbia college, to which position he was elected by the board of trustees of that institution June 1. Dr. Daniel explained in a letter to F. H. Hyatt, member of the board of trustees, that conditions at this time were such as to preclude the

possibility of his acceptance.

The office was made vacant by the resignation several weeks ago of the Rev. W. W. Daniel, D. D., who has been president of the school 15 years. Failing health induced his resignation last month, but he will remain at the head of the institution until his successor has been chosen. Prof. Daniel of Clemson is a nephew of the retiring official. Mr. Hyatt said yesterday that no plans of the trustees had yet been formed, as general notification of the declination by the Clemson professor had not yet been made.

## Nesbit-Lindler.

The State. Van Wyck, June 17.—A pretty but simple wedding was solemnized in Van Wyck Presbyterian church Wednesday morning, June 14, at 11:30 o'clock when Miss Athalie Orman Nesbit became the bride of Arthur Boland Lindler. The church was decorated in ivy, potted plants and daisies. Prior to the ceremony Floyd Alexander sang "At Dawning," by Cadman, accompanied by Miss Moena Hand, who rendered the bridal music. To the strains of Mendelssohn's wedding march the bridal party entered as follows: The ushers, Cecil Yoder, Dr. Taylor Nesbit, Newton Nesbit and Homer Lindler, entered first. Next came the flower girls, little Misses Nancy and Douglas Nesbit, nieces of the bride. Then came the maid of honor, Miss Ethel Rea. Following her was the ring bearer, Webb Nesbit White, a nephew of the bride, carrying the ring in a white rosebud. Down the right aisle came the bridegroom with his best man, Olin Bundrick of Newberry. Down the left aisle the bride entered on the arm of her brother, Edwin Nesbit, who gave her away.

The bride was dressed in a traveling suit of navy blue silk, with white hat and gloves and wearing a corsage of bride roses. Her only ornament was a cameo, a gift of the groom. Her pastor, the Rev. James R. Russell,

performed the ring ceremony. The Lohengrin wedding march was used as a recessional.

Mr. and Mrs. Lindler left on the noon train for a short visit to the home of the bridegroom's parents at Little Mountain, after which they will be at their summer home in Montreat, N. C.

The bride is the daughter of Mrs. E. W. Nesbit and is a very attractive young woman. She was educated at Queen's college, Charlotte, N. C., where she was a popular member of the student body.

The groom is a son of Mr. and Mrs. W. J. Lindler of Little Mountain and is a young man of capable business qualities. For the past two years he has been principal of the graded school in Van Wyck.

## WANTED A TEACHER

For Union Academy for a five months school to begin about the first of November. Salary \$50.00 per month. For further information apply to any one of the undersigned trustees.

Geo. S. Enlow,  
W. B. Franklin,  
Prosperity, S. C., R. F. D. No. 3.

## NOTICE TO DELINQUENT TAX PAYERS

The county treasurer has placed in my hands executions against those persons who failed to pay their taxes for 1915.

Those interested will have an opportunity to pay the same at my office until June 30th. After that date levies will be made according to law.

Cannon G. Blease,  
Sheriff.

Cures Old Sores, Other Remedies Won't Cure. The worst cases, no matter how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves pain and heals at the same time. 25c, 50c, \$1.00
